

ENVIRONMENTAL POLICY

Sandwich King is committed to supplying products that meet or exceed the expectations of our customers while conducting business in an environmentally friendly and responsible manner. This is achieved through:

RECYCLING

- Reducing the amount of waste produced by recycling materials whenever possible.
- Cardboard packaging is baled and sent for recycling. Printer cartridges are recycled where possible.
- All other waste materials are sent to a sorting station arranged by Veolia.
- No waste goes to landfill.

TRANSPORT

- Delivery vehicles use Low Sulphur Diesel
- Routes are planned to minimise fuel usage
- Delivery vans are speed limited
- Tyre pressures and other level checks are carried out and documented. Garage servicing is carried out at the prescribed intervals to maintain efficiency.
- All new vans purchased to meet Euro 6 emissions

WATER

- We strive to conserve water throughout our production and cleaning processes.
- A semi-automatic salad washer is used which re-circulates the wash water, avoiding replacement for each batch.

PACKAGING

- Reduce our waste by buying in bulk.
- Use pouched Tuna rather than canned.
- Request packaging that is already recycled and/or could be recycled in the future.
- All our product packaging is 100% recyclable.
- Board packaging is from sustainably sourced FSC.

CHEMICALS

- No ozone depleting chemicals are used in any aerosols, and refrigerants.

ENERGY USE/SAVING

- An energy efficient boiler is in place.
- A new roof covering has been installed providing improved insulation.
- Low energy or efficient lighting is used wherever possible.
- Motion detection lighting is in place where safe.
- Refrigeration units are regularly maintained to improve efficiency

SUPPLIERS

- We ask for the Environmental credentials of any new suppliers and ensure they commit to our Ethical Trading & Responsible Sourcing statement.

OFFICE

- Electronic invoicing reduces the amount of paper being used.

PALM OIL

- We ask any suppliers of ingredients that contain Palm Oil to use from RSPO recognised sustainable sources.

FOOD WASTE

- Food wastage is controlled and managed to reduce wastage to a minimum during the production process.
- Production is made to orders.

ANIMAL WELFARE

- All ingredients meet UK legislative standards for animal welfare.
- Eggs are sourced from systems that meet these standards.
- No red list or endangered species of fish are used.
- Dolphin friendly tuna is used.

SEASONAL PRODUCE

- Sourcing of salad items takes into account the natural growing period in the UK and seasonal availabilities.
-
- Sandwich King complies to all applicable environmental legislation and regulations and remains committed to continued improvement. Environmental management and practice is recognised by the company as a means of serving the needs not only of its customers and employees but also the public as a whole. We are committed to safeguarding the future of our world.

All suppliers to Sandwich King are required to sign an ethical statement prior to being accepted as a supplier:
